Scripture: Joshua 14

Devotional by Rev. Gerald Dunlap

If we would follow God as Caleb did, we would be claiming one victory after another because Caleb's God is our God. We serve the same God.

The good news is we can be like Caleb. The faith we had when we were in our early days of knowing Christ should be stronger today. Our vision to serve the Lord should be much clearer now. We have grown older in the Lord so we should not be content to just survey the past and settle there. No! As Caleb we should be looking for greater battles. We should have a greater vision as to how God can use us to build his kingdom.

We are going to look at what Caleb had, so we can find the secret of his greatness.

First, Caleb had a faith in God that never wavered.

Let's go back 45 years to that fateful day in the history of the children of Israel that we find in chapters 13 & 14 of Numbers. You remember how they were set free from the clutches of the enemy in Egypt, how they crossed the Red Sea on dry ground, how they made their way quickly across the wilderness to a place called Kadesh-Barnea, which sat on the very border of the land God promised them.

You remember how Moses took upon himself the job of sending out the 12 spies to check out the land. Understand, this was land God had said "I give it to you" God said, I give you this land.
